

DAY 1 : 25/06/2026

SALLE I

Start Time	End Time	Duration	Theme/Topic	Speakers/ Chairman
06:30	08:00	01:30	Registration / Check-in	
08:00	08:20	00:20	Opening Ceremony: Mona Zouari	
			Tinnitus and Hyperacusis	
08:20	08:50	00:30	An overview of cognitive behavioural therapy (CBT) for tinnitus and sound intolerance	Hashir Aazh United Kingdom
08:50	09:10	00:20	Acouphènes : Quels rôles de l'ORL et de l'audioprothésiste?	Sirine Ayadi Tunisia
09:10	09:40	00:30	Évaluation moderne de l'acouphènes	Stéphane Garnier France
09:40	10:00	00:20	Acouphènes à audition normale	Idriss Sarra Tunisia
10:00	10:30	00:30	Coffee Break/Posters	
			New Technologies and Advanced Diagnostics Part I	
10:30	11:00	00:30	Dizziness Triage: The Emerging Role of Audiology and Artificial Intelligence	Devin McCaslin United States of America
11:00	11:30	00:30	Over-the-Counter Hearing Aids: Effectiveness, United States of America Ability & Real-World Use	Megan Kruger South-Africa
11:30	12:00	00:30	Digital and Remote Rehabilitation	Dara Meldrum Ireland
12:00	12:30	00:30	Maximizing the Mysteries of Tympanometry and the Audiometer	Anne E. Hogan United States of America
12:30	14:00	01:30	Lunch	
			Hearing-Assessment and Management Part I	
14:00	14:20	00:20	Surdité Post-radique : Prise en charge et Challenges de Réhabilitation Auditive	Ihem Charfeddine Gargouri Tunisia
14:20	14:40	00:20	Devant un appareillage inefficace : comment suspecter une neuropathie auditive ?	Bouthaina Hammami Tunisia
14:40	15:00	00:20	Les indications de l'implant cochléaire chez l'adulte	Ghazi Besbes Tunisia
15:00	15:30	00:30	Coffee Break/Posters	
			Pediatric Audiology & Rehabilitation Part I	
15:30	16:00	00:30	Quantifying Auditory Experience in Children Using Hearing Aids	Ryan McCreery United States of America
16:00	16:30	00:30	Development and Standardization of a New Test for the Evaluation of the Development of Sound Localization Abilities in Children	Angélica Pérez Fornos Switzerland
16:30	16:50	00:20	l'audiométrie de l'enfant en pratique	Inès Kharrat Tunisia
16:50	17:10	00:20	Algorithme combiné PEA-ASSR dans le diagnostic des surdités de l'enfant	Amine Chakroun Tunisia
17:10	17:40	00:30	Developing Outcomes for Children with Mild Hearing Loss	Ryan McCreery United States of America
17:40	18:40	01:00	ROUND TABLE: Audiology around the world: The Successes and Opportunities for Meeting the Needs of our Communities	Anne Hogan Astrid van Wieringen Megan Kruger Hashir Aazh Devin L McCaslin Angélica PÉREZ FORNOS Chiraz Mbarek

DAY 2 : 26/06/2026

SALLE I

SALLE II

Start Time	End Time	Duration	Theme/Topic	Speakers/ Chairman	Start Time	End Time	Duration	Theme/Topic	Speakers/ Chairman
Pediatric Audiology & Rehabilitation Part II					Central and Systemic Mechanisms of Dizziness				
08:00	08:30	00:30	Implementing outcome measures for children who use hearing aids	Ryan McCreery United States of America	08:00	08:30	00:30	Plasticité neuronale: cause cachée des acouphènes et instabilités vestibulaires	Christian Chabbert France
08:30	09:00	00:30	Longitudinal neurodevelopmental and auditory outcomes in children with single sided deafness with and without hearing aids	Astrid van Wieringen Belgium	08:30	09:00	00:30	Chronic central dizziness: from cerebellum to cortex	Andreas Zwergal Germany
09:00	09:30	00:30	Appareillage pédiatrique: Quel réglage? Quel traitement du signal ?	François Dejean France	09:00	09:20	00:20	Menière's Disease and Allergy	Senda Turki Tunisia
09:30	09:50	00:20	Music Impact in Children with Special Needs	Hafidhi Hela Qatar	09:20	09:50	00:30	Comprendre la relation entre les hormones et le vertige : la connexion vestibulaire endocrinienne	Christian Chabbert France
09:50	10:20	00:30	<i>Coffee Break/Posters</i>		09:50	10:20	00:30	<i>Coffee Break/Posters</i>	
Hearing-Assessment and Management Part II					Vestibular Assessment				
10:20	10:40	00:20	Intelligibilité de la parole en environnement bruyant chez le patient appareillé : approche clinique et perspectives audioprothétiques	Mona Zouari Aïssa Ghalia Tunisia	10:20	10:40	00:20	Exploration fonctionnelle du système proprioceptif cervical	Ben Rhouma Sofiene Tunisia
10:40	11:10	00:30	Appareillage des déficiences auditives asymétriques.	François Dejean France	10:40	11:10	00:30	Importance of the Vertebral Artery Screening Tool (VAST) in vestibular assessment	Anne E. Hogan United States of America
11:10	11:30	00:20	Quand et pourquoi prescrire une aide auditive à conduction osseuse en 2026 ?	Rejeb Emma Rondhane Nadia Tunisia	11:10	11:40	00:30	Acute central vertigo and dizziness: diagnostic challenges and practical solutions	Andreas Zwergal Germany
11:30	11:50	00:20	Educational accommodations and adaptations for students with hearing impairments	Sawssen Hadrich Tunisia	11:40	12:00	00:20	Apport des explorations audiovestibulaires dans le diagnostic d'une fistule perilymphatique	Imen Achour Chakroun Tunisia
11:50	12:10	00:20	Implantation cochléaire de l'adulte : Indications et résultats en 2026	Iness Hariga Naïli Nefzaoui Safa Tunisia	12:00	12:20	00:20	Horizontal Canal BPPV: Diagnostic Challenges and Management	Henda Ben Hassouna Gouider Tunisia
12:10	12:30	00:20	Réhabilitation auditive des surdités de perception sévères et profondes unilatérales : Quelles nouveautés en 2026 ?	Imen Zoghlami Tunisia	12:20	12:40	00:20	Implant Cochléaire et Vertige	Samir Ben Slimene Tunisia
12:30	14:00	01:30	<i>Lunch</i>		12:40	14:00	01:20	<i>Lunch</i>	
Hearing-Assessment and Management Part III					14:00	15:00	01:00	Workshop 1: Clinical assessment of the central vestibular and ocular motor system	Andreas Zwergal Room (TBD)
14:00	14:30	00:30	Clinical Insights for Protecting Orchestra Musicians from Acoustic Trauma	Angélica Pérez Fornos Switzerland					
14:30	14:50	00:20	Analyse De La Concorde Des Résultats D'audiométrie Vocale En Tunisien Et En Français	Chaïma Dahman Tunisia					
14:50	15:20	00:30	Beyond Hearing Aids: Cholinergic Modulation, Speech-in-Noise Processing, and the Next Frontier of Hearing Care	Devin McCaslin United States of America					
15:20	15:40	00:20	Dépistage de la surdité : Pourquoi ? Comment ?	Najeh Beltaief Lahmar Rihab Tunisia					
15:40	16:10	00:30	<i>Coffee Break/Posters</i>						
New Technologies and Advanced Diagnostics Part II									
16:10	16:30	00:20	Integrating Genetics and audiology: Precision approaches for inherited hearing disorders	Chirine Charfeddine Tunisia					
16:30	17:00	00:30	ALICE: Improved speech in noise understanding with self-guided hearing care	Astrid van Wieringen Belgium					
17:00	17:20	00:20	Audiométrie Haute Résolution et Haute Fréquence : Enjeux et Perspectives Computationnelles	Jaidane Mériem Tunisia					
17:20	17:50	00:30	Intelligence Artificielle au service du patient-Estimation de l'impact du couplage acoustique	Antoine Malrin France					
17:50	18:10	00:20	Voyage au coeur de la prise en charge de l'enfant malentendant en Tunisie	Ameni Ferchichi Ichrak Rebai Tunisia					

DAY 3 : 27/06/2026

SALLE I						SALLE II						
Start Time	End Time	Duration	Theme/Topic	Speakers		Start Time	End Time	Duration	Theme/Topic	Speakers		
Tinnitus & Sound Intolerance – Part II						Vestibular Rehabilitation and Management Part I						
08:30	08:50	00:20	Algorithme de prise en charge des acouphènes	Ghada Kharrat Ferchichi Sana	Tunisia	08:30	09:00	00:30	Evidence-Based Exercise Prescription in Vestibular Rehabilitation	Dara Meldrum	Ireland	
08:50	09:20	00:30	Choix thérapeutique et mise en œuvre chez le patient acouphénique	Stéphane Garnier	France	09:00	09:20	00:20	The Vestibular System Is Not Alone: Clinical Adaptations Across Age, Comorbidity, and Function	Sana Ben Salem	Tunisia	
09:20	09:50	00:30	Differential Diagnosis and Assessment of Hyperacusis and Misophonia	Hashir Aazh	United Kingdom	09:20	09:50	00:30	Vestibular Implants in humans, steps towards a clinical application	Angélica Pérez Fornos	Switzerland	
09:50	10:20	00:30	<i>Coffee Break/Posters</i>			09:50	10:20	00:30	<i>Coffee Break/Posters</i>			
Hearing-Assessment and Management Part IV						Vestibular Rehabilitation and Management Part II						
10:20	10:50	00:30	Hearing Help-Seeking, Hearing Aid Uptake, and Outcomes: Global Evidence & Insights	Megan Kruger	South-Africa	10:20	10:50	00:30	PPPD Rehabilitation	Dara Meldrum	Ireland	
10:50	11:20	00:30	Les embouts auriculaires	Charfi Maroua	Tunisia	10:50	11:20	00:30	Dizziness, Quality of Life and Resilience: A Patient-Centered Framework for Balance Care	Devin McCaslin	United States of America	
11:20	11:50	00:30	La place de la famille dans le parcours de soin : de l'anamnèse à la guidance	Sefrioui Nezha	Maroc	11:20	11:50	00:30	Fall Prevention Strategies	Anne E. Hogan	United States of America	
11:50	12:00	00:10	Closing Ceremony			11:50	12:00	00:10	Closing Ceremony (SALLE I)			
12:00	13:00	01:00	Light Lunch									
Time	Duration	Workshops (Registered Only): 13:00-15:00			Speakers	Room	Time	Duration	Industry Workshop: 13:00-15:00		Industry	Room
13:00	01:00	Workshop 2	Potentiels évoqués auditifs à différentes fréquences : trucs et astuces		Amine Chakroun	TBD	TBD	TBD	TBD		Audition Confort Tunisia - Sonova	TBD
13:00	01:00	Workshop 3	Practical aspects of audiologist-delivered cognitive behavioural therapy (CBT) for tinnitus, hyperacusis and misophonia		Hashir Aazh	TBD	TBD	TBD	TBD		HI-TECH Medical Tunisia - Starkey	TBD
14:00	01:00	Workshop 4	Acouphénométrie, paramétrage du générateur de bruit		Stéphane Garnier	TBD						
13:00	01:00	Workshop 5	Rythm Melody		Hafidhi Hela	TBD						
14:00	01:00	Workshop 6	Accompagnement familial et parental dans la déficience auditive : pratiques et enjeux pour les professionnels de santé		Sawssen Hadrieh	TBD
